# Trends in Maternal Mortality Worldwide, 1990 - 2015

MDG Region	1990		2015		% change in MMR 1990-2015	Average annual change 1990-2015
	MMR	deaths	MMR	deaths		
World	385	532 000	216	303 000	44	2.3
Developed regions	23	3 500	12	1 700	48	2.6
Developing regions	430	529 000	239	302 000	44	2.4
North Africa	171	6 400	70	3 100	59	3.6
Sub-Saharan Africa	987	223 000	546	201 000	45	2.4

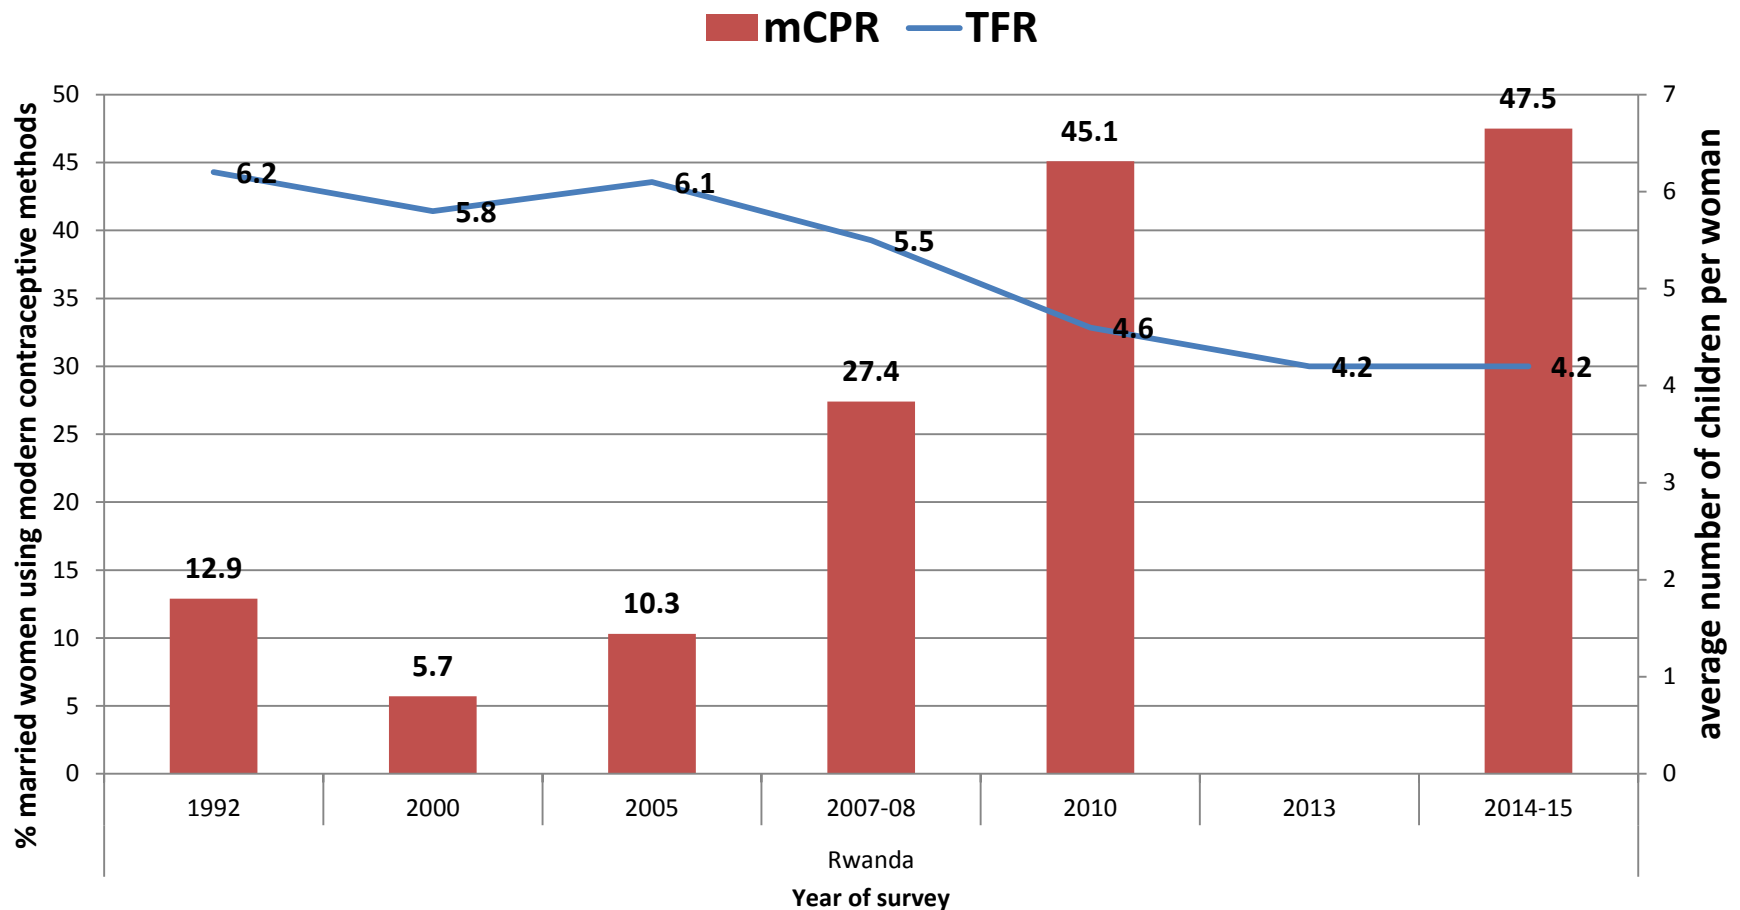

# Trends in Maternal Mortality

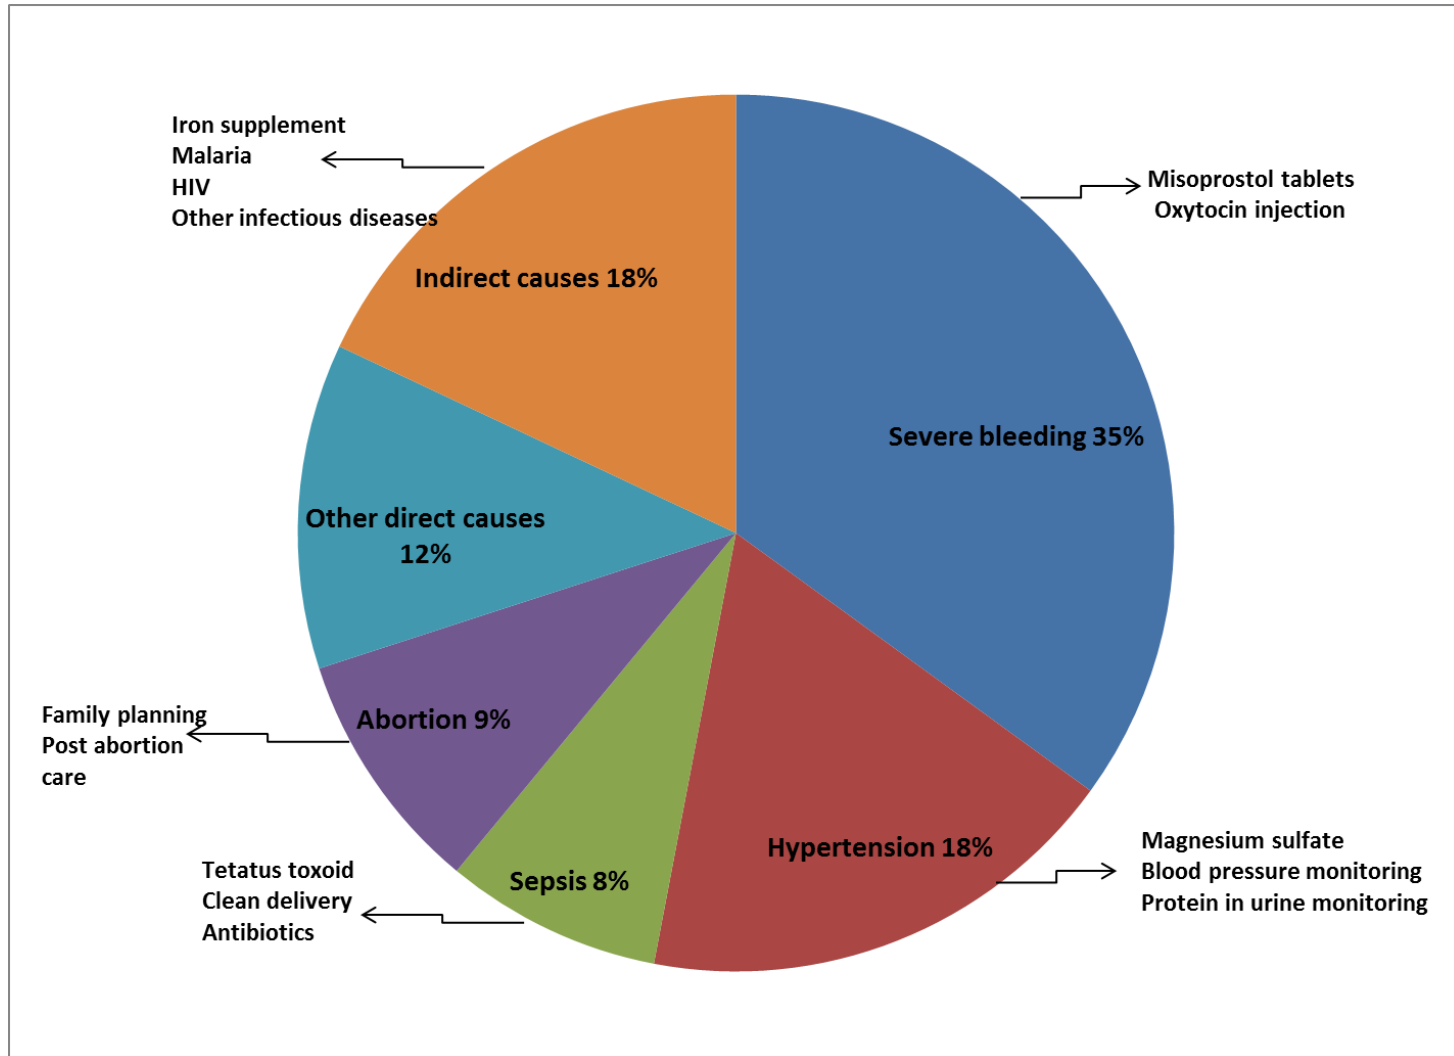

# Trends in Modern use of contraceptives and average number of children per women in Uganda

# Trends in Modern use of contraceptives and average number of children per women in Rwanda

# Causes of Maternal Deaths in Uganda and Associated Interventions

# Strategies Driving Success in Reducing Maternal Mortality

1. Addressing inequities in access to quality sexual, reproductive, maternal health services
2. Ensuring universal health coverage for comprehensive sexual, reproductive, maternal health services
3. Addressing all causes of maternal mortality, reproductive and maternal morbidities, and related disabilities
4. Strengthening health systems to respond to the needs and priorities of women and girls
5. Ensuring accountability to improve quality of care and equity
